Glenavon Football Club asked Clive Richardson Limited to carry out the renovation of their training pitch at Lurgan Junior High School. Renovation of the pitch included installation of a complete new drainage system across the area.

The works consisted of the installation of a new main drain connecting into an existing outlet, the installation of a perimeter ring drain and associated manholes and the installation of lateral drains connecting into the perimeter drain. The area was then sand-slit, grooved, top-dressed, fertilised and over-seeded.

CRL oversaw the establishment of new grass surface until it was ready for use by the Club and the School.

Post Contract

Clive Richardson Limited continue to work with the club at their Mourneview Park Stadium and training ground to ensure that the pitches are maintained to the highest standards.
