Start Date	05/03/2018
Completion Date	08/11/2019
Main Stadium Contractors	Woodvale Construction, 59 Crevenagh Road, Omagh, BT79 0EX
Pitch Design	Clive Richardson Limited, 54 Derrycoose Road, Portadown, BT62 1LY

Clive Richardson Limited were engaged as a specialist sportsground contractor by Education Authority NI and Woodvale Construction to reconstruct four pitches and a synthetic cricket wicket at Campsie Playing Fields in Omagh.

Works involved the installation of new drainage system across the site to allow the the construction of four sand-carpet natural grass pitches. The soil profile was graded, stone picked and levelled before a layer of sand was added. Pitches were then sown out and appropriate fertiliser applied. Rugby sockets and posts were installed on all of the pitches. A synthetic

cricket wicket was also installed between two of the pitches. Pitches were marked out and an athletics track marked out around the perimeter. Long Jump and triple jump pits were also reconstituted with specialised Wexford sand.

The facilities are now used by a number of schools in the area on a daily basis.

Post Contract

Following the Completion of this contract, Clive Richardson Limited have worked closely with Education authority NI and Woodvale construction to delivery numerous similar school pitch projects across Northern Ireland.
