

Title of Contract	Replacement of the 3G Pitch at Seaview Stadium
CRL Contract Number	012635
Contract Value	£213,840.00
Client	Crusaders Football Club, Seaview Stadium, St Vincent Street, Belfast, BT15 3QG
Where the works were carried out	Seaview Stadium, St Vincent Street, Belfast, BT15 3QG
Start Date	09/05/2016
Completion Date	18/06/2016
Pitch Design	Stephen McNally, Clive Richardson Limited, 54 Derrycoose Road, Portadown, Co. Armagh BT62 1LY

Clive Richardson Limited were appointed by Crusaders Football Club to carry out the replacement of their 3G pitch at Seaview Stadium in Belfast.

Works included the removal of the existing pitch and infill materials using the Turfmuncher machine. This process ensured that the pitch was removed in perfect condition so that the club could relay it in a community project at Three Mile Water later in 2016. Infill materials were extracted, separated and transported to Three Mile Water for reuse. Footage of this can be seen on our YouTube Channel by clicking [here](#)

Following minor repair works to the existing engineered base, a new 50mm Domo VarioSlide S-Pro50 synthetic carpet

was installed with a Trocellen shockpad. The carpet was infilled with silica sand and crumb rubber per the manufacturers guidelines.

The pitch was independently tested to the latest FIFA 2-Star standards upon completion. This certification enabled the Club to host FIFA and UEFA matches at the Stadium.

Works were carried out in a tight 6-week timeframe to enable the club to host UEFA Europa League Qualifying matches in late June 2016.

Post Contract

Clive Richardson Limited retain an excellent relationship with the club and carry out adhoc maintenance works to the pitch throughout the year as well as managing its annual testing to FIFA Quality Pro standard.
