Clive Richardson Limited were appointed to carry out the upgrade of the hockey facilities at Nendrum College. Works involved the removal of existing synthetic carpet and shockpad, separating the infill and disposing to a certified site. An investigation of the sub-base drainage failure was then carried out, and corrective works undertaken to provide new as

required. A regrade of the dynamic pitch sub-base surface to finished levels was then carried out. CRL then supplied and installed a DOMO MDC Ultra synthetic hockey carpet on a prefabricated DOMOflex 10mm shockpad. Tested to FIH and multi-sport standards.
